

# Back shell straight, standard

Item number: BSN24-AC

Net weight: 0.0272 kg

Packing unit: 1

## Mechanical properties

|                                 |                    |
|---------------------------------|--------------------|
| Size:                           | 24                 |
| Shell material:                 | Aluminum alloy     |
| Surface treatment:              | Epoxy-polyurethane |
| Type of surface:                | varnished          |
| Thickness of surface treatment: | 13-16 $\mu$        |
| Surface colour:                 | black              |
| Corrosion resistance (h):       | 500                |
| Operation temperature:          | -55°C - +125°C     |
| Temperature shock:              | -55°C - +125°C     |
| Conductivity (M $\Omega$ ):     | non conductive     |
| EMI:                            | No                 |
| Material sealing ring:          | Silicone           |

## Dimensional drawing

|          |                    |
|----------|--------------------|
| D1 (Ø):  | 40.0               |
| L1 (mm): | 30.0               |
| N1:      | 1 3/8"-18 UNEF 2B  |
| N2:      | 1 7/16"-18 UNEF 2A |
