

Metallic protection cap to bayonet receptacle (GB,GR & GS)

Item number: PR14S-AC

Packing unit: 1

Mechanical properties

Size:	14S
Shell material:	Aluminum alloy
Surface treatment:	Epoxy-polyurethane
Type of surface:	varnished
Thickness of surface treatment:	13-16 μ
Surface colour:	black
Corrosion resistance (h):	500
Operation temperature:	-55°C - +125°C
Temperature shock:	-55°C - +125°C
Conductivity (M Ω):	non conductive
EMI:	No
Chain material:	Stainless steel

Dimensional drawing

D1 (Ø):	30.0
d1 (Ø):	4.3
L1 (mm):	127.0
H1 (mm):	15.8
